## BAD FAITH CHARGED.

Japanese Newspapers Attack the U. S. Government.

### ENGLISH PAPER WARNS JAPAN.

That Country's Bellicose Attitude, the London Graphic Says, Will Create a Powerful Sentiment For Annexation in the United States—Russians Object.

LONDON, June 25.—A dispatch to The Times from Kobe, Japan, says that the Japanese newspapers accuse the United States with bad faith with regard to Hawaii, but that their tone is generally moderate.

The Daily Graphic says editorially: "Japan is likely to defeat her own ends by addressing a bellicose remonstrance to the United States on the subject of Hawaii. The policy of annexation is not very popular in America, but any attempt at dictation will only be resented and will strengthen the case for the annexationists by the suggestion of an eventual Japanese annexation."

The St. Petersburg correspondent of The Morning Post says The Novoe Vremya protests vigorously against the action of the United States as to Hawaii, which it adds, may soon be followed by an attempt to annex Cuba. "Europe," says the Novoe Vremya, "has every reason to oppose the strengthening of the United States in the new world, and must be ready to support Spain if she is threatened with the loss of Cuba."

### JAPAN WANTS HAWAII.

The Real Reason For That Nation's Protest.

WASHINGTON, June 25.—Hawaiians in Washington insist that the reason for the protest of Japan against the annexation treaty is that Japan really desires to acquire the island herself. The main point of contention between Japan and Hawaii over the treaty between the two countries, it is learned, is as to the wording of the treaty which Hawaii seeks to abrogate. This treaty has a provision that it "may be terminated at any time by mutual consent."

This is construed by the Japanese government to mean that the treaty cannot be terminated without the consent of both governments, and as long as Japan insists upon keeping it in force it cannot be abrogated. The Hawaiian contention is that the words have no such meaning, and that any contract or agreement can be dissolved by mutual consent as a matter of course; that if the claim of Japan was valid the treaty would be in effect permanently.

It is understood that Japan insists that her present claims must be acknowledged and accepted by the United States in case of annexation, although protesting against annexation.

The gist of the protest of Japan is as follows: The acquisition of Hawaii by annexation to the United States would deprive the resident Japanese in the islands of rights to which they are at present entitled under the present treaty with Hawaii. At present there are 25,000 Japanese in the island with large property rights, and under the present conditions they are entitled to become citizens of Hawaii.

In case of annexation these Japanese could not become citizens of the United States, as the decisions of the United States circuit court are to the effect that no Asiatic can become a citizen of the United States. By annexation the Japanese now resident in Hawaii would be subject to any measures that might be adopted by the United States. They would lose the right to become citizens and to vote, the large interests owned by Japanese citizens in the islands would be greatly jeopardized, therefore the Japanese government must firmly protest against the proposed annexation.

### ENGLAND HAS NO OBJECTION.

Reply to Inquiry in the Commons As to Annexation Treaty.

LONDON, June 25.—In the house of commons the parliamentary secretary for the foreign office, Mr. Curzon, replied to the question of Mr. Beckal, Conservative, regarding the Hawaiian annexation.

Mr. Beckal's question was whether the government was aware that "Queen Liliuokalani has been deposed by a small body of Americans who, without right or title, have assumed sovereignty over Hawaii, and now, to save themselves from the resentment of the people, have requested the American government to annex Hawaii, and whether Great Britain proposes to allow this most important coaling station to pass into the hands of the United States without protest."

Mr. Curzon said her majesty's government did not feel called upon to express an opinion relative to the circumstances out of which the present situation in Hawaii had arisen. The government was aware that a proposal to annex Hawaii to the United States had been submitted by the president of the United States for the consideration of the United States senate, but no deci-

sion had been reached. Mr. Curzon added that it would be the object of her majesty's government to see that whatever rights, according to international law, belong to Great Britain and to British subjects are fully maintained.

### GOVERNOR ATKINSON MARRIED.

Gave Mrs. Camden His Name Sooner Than Expected, Owing to Legal Trouble.

WHEELING, June 25.—Hon. George Wesley Atkinson, governor of West Virginia, was united in marriage at Clarksburg, the home of the bride, to Mrs. Myra H. Camden, widow of the late wealthy Judge G. D. Camden, last night. The ceremony took place in the presence of only a few immediate friends, and had not been previously announced for last night, the public understanding that it would occur today.

Mrs. Camden, the bride, inherited a large fortune from Judge Camden, who has been dead several years, the title to which estate has been contested by other heirs. The will which was protested was declared valid by the courts, but recently the matter has been revived by the charge that the widow signed certain papers illegally.

The wedding last night grew out of the governor's desire to give his fiancée a husband's protection in the new legal complications. The governor and his bride left for Washington and other eastern cities and will end their tour in Louisville, Ky., where he has an engagement to deliver an address.

### WERE ANARCHISTS TO BLAME?

A Story Not Confirmed Regarding the Great Holocaust in Paris.

WASHINGTON, June 25.—The officials of the French embassy here refuse to impart information concerning any connection that the anarchists may have had with the holocaust of the early part of May. Mr. Lefavre, the first secretary of the embassy, said that there had been no communication received from his government looking to the apprehension of the alleged leaders of the outrage, who it is said have fled to America. This, he thinks, would have been the case had it been believed such persons were engaged in the affair and had fled to this country.

The Paris papers at first intimated it, but afterwards held that it was due to an accident.

CHICAGO, June 25.—The Post says: According to a story which has reached Chicago from Paris via Washington, the terrible holocaust which wiped out over 100 lives at the French capital May 4 was the work of anarchists thirsting for revenge on the upper classes of France.

A member of the French legation at Washington is said to be authority for the story.

### CAFFERY TO THE DEMOCRATS.

He Attacked Senators For Voting For Wool and Other Duties.

WASHINGTON, June 25.—A stubborn contest over the duties on manufactured woolen goods has occurred in the senate. It was a day of constant roll calls and of cross fire debate on the effect of the duties in advancing rates. Many amendments were proposed to reduce the rates, but these were rejected by decisive majorities. Less than five pages were disposed of during the day, carrying the senate through paragraph 370, the first of the paragraphs relating to carpets.

Mr. Caffery (La.) spoke at length against the protective system, and severely arraigned those Democratic senators who had voted for duties on wool and other raw materials.

### A DUTY ON HIDES.

Republican Senators in Caucus Decide to Sustain the Committee.

WASHINGTON, June 25.—The Republican senators have decided in caucus, by a vote of 22 to 11, to sustain the action of the finance committee in placing a duty upon hides, but did not pass upon the question of the amount of the duty to be imposed.

The committee was also sustained in the rate fixed upon imported wrapper tobacco. The only other disputed questions considered were watches and watch jewels, and upon these the finance committee was reversed, the house rates being accepted on watches and watch jewels being made free.

### WOODFORD LEAVES IN JULY.

He Is Acquiring a Knowledge of Our Relations With Spain.

WASHINGTON, June 25.—Stewart L. Woodford has had an interview with the president respecting his mission to Spain. He will not leave for Madrid before the latter part of July, and will spend the time from now on in acquiring an accurate knowledge of the present state of our relations with Spain. Mr. Calhoun is still in Washington and probably will confer with Mr. Woodford.

### Ironworkers Likely to Strike.

MILWAUKEE, June 25.—There is little doubt that 900 employees at the Bay View works of Illinois Steel company will go on strike July 2. Superintendent Reis turned the scale committee curtly away.

### Missing Training Ship Safe.

PORTSMOUTH, Eng. June 25.—The training brig Sea Bark, concerning whose safety anxiety was expressed, has reached Spithead safely.

## BOMBARGER ELECTED.

Chosen President by State Christian Endeavorers.

### MAUSFIELD NEXT MEETING PLACE.

Twenty-Eight Vice Presidents, Representing All Denominations Having Societies, Selected, Besides the Other Officers—Praise Services Held.

DAYTON, O., June 25.—The Ohio Christian Endeavor union has elected the following officers: President, Rev. T. H. Bombarger, Columbiana; corresponding secretary, Charles L. France, Toledo; recording secretary, Mrs. T. H. Darnell, Vanwert; statistical secretary, Mrs. S. Black, Akron; treasurer, N. Stanley Lewis, Toledo; auditor, Ezra M. Kuhns, Dayton; superintendent of junior work, Mrs. G. Clifford Morgan, Cleveland; superintendent of Christian endeavor, Rev. A. F. Vincent, Toledo; superintendent of Sabbath observance, Rev. L. B. C. Lahr, Delaware; vice president of the World's union, Rev. W. F. McCauley, Toledo.

Twenty-eight vice presidents representing every denomination in the state that has Christian Endeavor societies were also chosen. The next convention will be held at Mansfield in 1898. Conference praise services and divisional rallies closed the convention.

### NASH MAY BE CHAIRMAN.

Hanna Says He Can Head Republican Executive Committee.

CLEVELAND, June 25.—"Will Judge George K. Nash be chairman of the Republican state executive committee?" Senator Hanna was asked.

"That is a question that has not yet been settled. It is simply a matter of Judge Nash's willingness to serve. He would be satisfactory to all elements and would be a splendid man to pilot the party to victory in November."

Speaking of the New York dispatch that President McKinley is considering a plan whereby the freedom of Cuba is to be purchased of Spain for \$100,000,000 the senator said: "That statement is not authoritative."

Mr. Hanna then spoke of the report that the failure to mention the name of Secretary of State Sherman at Toledo in the Republican platform is a veiled slight. "That story," said he, "is absurd. There is nothing in it. Mr. Sherman is held in the greatest veneration and respect by the Ohio Republicans as one of their honored leaders, and the statement that the state convention of Ohio could put a slight upon him is not only malicious, but is ridiculous."

Mr. Hanna will leave for Washington tomorrow or Sunday.

An important result of Mr. Hanna's victory in the Toledo convention will be the transfer of the state political headquarters from Columbus and Cincinnati to Cleveland. The headquarters will be in the Perry-Payne building, in which Hanna managed the presidential campaign.

### OLD LITIGATION RENEWED.

Another Suit in Connection With the Hocking Valley Case.

CLEVELAND, June 25.—The Hocking Coal and Railway company has filed a cross petition in the common pleas court, in which it asked for a judgment of \$3,308,000 against the Snow Fork and Cleveland Coal company. The petition was filed in answer to a suit by the coal company against the railway company for \$843,000, the purchase price of a large tract of coal land.

In the cross petition it is alleged that the coal company wrongfully took from the treasury of the railway company 8,430 shares of stock and first consolidated mortgage bonds of the per value of \$4,496,000. The stock was supposed to have been accepted in payment for the land, but the bonds were in excess of the coal company's claim. This is a part of the old Hocking Valley litigation. The attorneys for the railway company are Senator Foraker and two local firms.

### PROMINENT PEOPLE INVOLVED.

Sensational Letterwriting and an Arrest at Blairsville, Pa.

BLAIRSVILLE, Pa., June 25.—Mrs. Lillie D. Gibson was arrested here Wednesday on a charge of criminal libel. The prosecutrix is Miss Mary L. Johnston, who is acting for her sister-in-law, Mrs. Eva L. Johnston. The information was made before Squire Thompson, and charges that last December an anonymous letter addressed to the affiant was received by her through the mails, and it alleged that wife of the affiant's brother had been guilty of "too intimate and improper relations with Blairsville men, and had brought disgrace upon her family." The affidavit then sets forth that these charges had a tendency to expose the accused woman to ridicule, and avers the belief that the letter was written by Mrs. Gibson.

Mrs. Gibson is a prominent member of the Methodist church, and the letter-

writing episode has caused a great stir in the congregation.

### OVER 6,000 MASSACRED.

The Entire Expedition of Baron Dhanis Wiped Out in Africa.

BRUSSELS, June 25.—The Reforme says it learns from a good source that the entire Dhanis expedition to the headwaters of the Nile, including Baron Dhanis himself, has been massacred.

Baron Dhanis last year enlisted 6,000 men in the Congo free state to take part in a secret expedition. The British government allowed a number of its Hussar troops to join the expedition, but it was officially denied that an Anglo-Belgian movement had been concerted against the Mahdists. The general impression, however, was that this force was intended to act in conjunction with the Anglo-Egyptian expedition up the Nile and take the Mahdists between two fires, and eventually complete the reconquest of the Soudan.

### THE QUEEN RECEIVED.

Admirals and Staffs Call on Her at Windsor—The Princess of Wales Entertained London's Poor—A Reception to the Queen by Royalty.

WINDSOR, London, June 25.—The lords of the admiralty and all the admirals of the foreign ships who are taking part in the naval review off Spithead tomorrow, including Rear Admiral Miller, U. S. N., have been received by Queen Victoria at Windsor castle. Each of the admirals was accompanied by two aides-de-camp, those of the American admiral being Commander William H. Emery, chief of Admiral Miller's staff, Lieutenant J. C. Caldwell and Lieutenants Rogers and Andrews. The admirals were met at the railroad station by royal carriages and were taken to the castle through a shower of rain.

At the castle they were entertained at luncheon in the Waterloo room and were afterward received by the queen.

The queen received the admirals sitting and spoke very cordially to Admiral Miller, who then presented the members of his staff to her majesty.

The naval officers were afterward shown through the castle.

LONDON, June 25.—The princess of Wales' jubilee dinners to the poor were very successful. About 3,000 denizens of the slums were sumptuously entertained at the various centres.

The princess, accompanied by the prince of Wales, Princess Victoria of Wales and Prince and Princess Charles of Denmark, visited the principal halls where the feasts were given.

LONDON, June 25.—On behalf of her majesty the Prince and Princess of Wales gave a reception last evening at Buckingham palace. The occasion was one of unprecedented brilliancy, the guests numbering over 1,600 and including all the special jubilee visitors and the admirals, captains and officers from Spithead.

The United States special envoy, Mr. Whitelaw Reid, Rear Admiral J. N. Miller, U. S. N., General Nelson A. Miles, U. S. A., and their staffs went to the ball in a body from Mr. Reid's house on Carlton house terrace.

### GOBBLED BY THE STANDARD.

The Bay State Gas Company Sold For \$2,250,000.

NEW YORK, June 25.—The dispatch from Boston stating that the Standard Oil company had gained control of the Bay State Gas company has been confirmed in this city. The meeting at which the change of interests took place was held at the office of J. E. Bartlett. There were present H. H. Rogers, for the Standard Oil company; J. Edward Addicks, James O. Carter, Frederick R. Couderd and several others. Messrs. Carter and Couderd are said to have represented the anti-Addicks interests in the gas company.

The consideration by which the Standard Oil company comes into possession of the Bay State Gas company is said to be the payment of \$2,250,000 to Mr. Addicks and the promise that all litigation between the different interests in the company shall end.

It is said that as a result of this deal Mr. Addicks will relinquish his various gas enterprises, and the Bay State Gas company will be reorganized on an entirely new basis and probably with an increased capital stock.

### Bryan Spoke From a Car.

LAMAR, Mo., June 25.—Hon. W. J. Bryan spoke here for ten minutes from the car platform to a crowd of 1,000 people while enroute to Carthage. He was cheered lustily. He spoke of the recent attack made on him by Professor L. C. Bateman of Auburn, Me., and said it was unworthy of notice, but stated his answer was made in the United States senate by Senators Allen and Butler.

### Suicided in Her Lover's Office.

SISTERSVILLE, W. Va., June 25.—Miss Ada Stewart, a prominent young lady, has committed suicide in the office of Colonel Bob Moore, a prominent attorney. Miss Stuart had been engaged to marry Colonel Moore. They quarreled.

## BOMBARDED WITH HAIL

Mammoth Stones Smashed Things at Topeka.

### CYCLONE IN THE SAME STATE.

Three Killed and Four Injured Near Salina—A Storm Did Great Damage at St. Louis and in Towns in the Vicinity. A Number Injured.

TOPEKA, June 25.—Topeka looks like a city that has withstood a siege of war guns. There are not a dozen buildings in the town that are not almost windowless and many roofs are caved in.

Hailstones weighing 12 to 16 ounces did the damage. Dogs were struck in the streets and instantly killed. Horses were knocked to their knees to rise again and dash away in mad fright. Runaways occurred throughout the city. When the fury of the storm had passed dead birds were found everywhere. A heavy wind and terrific lightning accompanied the storm.

The roofs of street cars were pierced. The hailstones ranged in size from that of a hen's egg to an ostrich egg, and 30 minutes after the storm one hailstone was picked up which measured 14 inches in circumference.

The following people were seriously hurt:

Frank Brainard, hackman, skull fractured.

J. D. Henderson, liveryman, skull fractured.

Roy White, leg broken in a runaway.

Mrs. Mary Hughes, arm broken in a runaway.

D. Klee, bad scalp wound.

Miss Anna Fenton, head cut.

Fred Holler, head cut.

SALINA, Kas., June 25.—A terrific cyclone has passed 15 miles northwest of this city. Three are dead and a number dangerously injured.

The dead are:

Mrs. Anna Geesy, aged 34.

Nona Geesy, aged 13.

Ida Geesy, aged 9.

Four members of this family are also badly hurt.

ST. LOUIS, June 25.—The terrible wind and rain storm was very destructive in the southwestern portion of the city, where are located several of the city institutions. The poorhouse suffered most. One of the buildings in which were sheltered 75 inmates, all of them cripples, was partly demolished and glass was shattered in the others. When the roof was taken off the bricks fell in among the patients hitting a number, but none was seriously injured. The storm also stuck the insane asylum. Not much damage was done there, but the patients were terror-stricken.

The storm was particularly severe on the river towns; Keokuk, Alton and Quincy suffering. Reports from Springfield, Decatur, Effingham and other Illinois towns say the rain was very heavy there.

### SPANIARDS' USUAL CLAIM.

They Report That They Have Administered Another Defeat to the Rebels.

HAVANA, June 25.—Colonel Aguilera, with a column of troops and acting in conjunction with the local guerrilla force and garrison of Madruga, has been engaged with a guerrilla force, under the leadership of Aranguren, which was entrenched in the Sierra de Grille, near Madruga, in this province.

The Spanish troops, the official report says, successfully dislodged the insurgents from all the positions occupied by the latter until the enemy reached Abro del Cafe, where the insurgents made a determined stand. Eventually the insurgents were also dislodged from that place and the Spanish troops destroyed the enemy's camp.

The insurgents left ten men killed on the field and the government forces lost 1 lieutenant and 15 soldiers killed and had one major, 1 captain and 13 soldiers wounded.

### MOB AFTER A CONSTABLE.

Brutal Murder and a Hanging Day in West Virginia.

FAYETTEVILLE, W. Va., June 25.—Today is the day Clark Lewis, the murderer, hangs, and the sheriff has received word of another murder and the people are enraged. Joe Bragg, a constable, deliberately shot Tom Miller, a drunken man he was attempting to arrest. A coroner's jury has decided that Bragg shall be held for murder.

At Thurmond, where Bragg was jailed, a mob formed to lynch him. The officials spirited Bragg away to lodge him in jail here, coming through the woods by a circuitous route. The mob is on its way here, and it is a question whether the mob or the prisoner will arrive here first. Sheriff McVey is summoning citizens to help him guard the jail.

## BAD FAITH CHARGED.

Japanese Newspapers Attack the U. S. Government.

### ENGLISH PAPER WARNS JAPAN.

That Country's Bellicose Attitude, the London Graphic Says, Will Create a Powerful Sentiment For Annexation in the United States--Russians Obje.

LONDON, June 25.—A dispatch to The Times from Kobe, Japan, says that the Japanese newspapers accuse the United States with bad faith with regard to Hawaii, but that their tone is generally moderate.

The Daily Graphic says editorially: "Japan is likely to defeat her own ends by addressing a bellicose remonstrance to the United States on the subject of Hawaii. The policy of annexation is not very popular in America, but any attempt at dictation will only be resented and will strengthen the case for the annexationists by the suggestion of an eventual Japanese annexation."

The St. Petersburg correspondent of The Morning Post says The Novoe Vremya protests vigorously against the action of the United States as to Hawaii, which it adds, may soon be followed by an attempt to annex Cuba.

"Europe," says the Novoe Vremya, "has every reason to oppose the strengthening of the United States in the new world, and must be ready to support Spain if she is threatened with the loss of Cuba."

### JAPAN WANTS HAWAII.

The Real Reason For That Nation's Protest.

WASHINGTON, June 25.—Hawaiians in Washington insist that the reason for the protest of Japan against the annexation treaty is that Japan really desires to acquire the island herself. The main point of contention between Japan and Hawaii over the treaty between the two countries, it is learned, is as to the wording of the treaty which Hawaii seeks to abrogate. This treaty has a provision that it "may be terminated at any time by mutual consent."

This is construed by the Japanese government to mean that the treaty cannot be terminated without the consent of both governments, and as long as Japan insists upon keeping it in force it cannot be abrogated. The Hawaiian contention is that the words have no such meaning, and that any contract or agreement can be dissolved by mutual consent as a matter of course; that if the claim of Japan was valid the treaty would be in effect permanently.

It is understood that Japan insists that her present claims must be acknowledged and accepted by the United States in case of annexation, although protesting against annexation.

The gist of the protest of Japan is as follows: The acquisition of Hawaii by annexation to the United States would deprive the resident Japanese in the islands of rights to which they are at present entitled under the present treaty with Hawaii. At present there are 25,000 Japanese in the island with large property rights, and under the present conditions they are entitled to become citizens of Hawaii.

In case of annexation these Japanese could not become citizens of the United States, as the decisions of the United States circuit courts are to the effect that no Asiatic can become a citizen of the United States. By annexation the Japanese now resident in Hawaii would be subject to any measures that might be adopted by the United States. They would lose the right to become citizens and to vote, the large interests owned by Japanese citizens in the islands would be greatly jeopardized, therefore the Japanese government must firmly protest against the proposed annexation.

### ENGLAND HAS NO OBJECTION.

Reply to Inquiry in the Commons As to Annexation Treaty.

LONDON, June 25.—In the house of commons the parliamentary secretary for the foreign office, Mr. Curzon, replied to the question of Mr. Beckal, Conservative, regarding the Hawaiian annexation.

Mr. Curzon's question was whether the government was aware that "Queen Liluokalani has been deposed by a small body of Americans who, without right or title, have assumed sovereignty over Hawaii, and now, to save themselves from the resentment of the people, have requested the American government to annex Hawaii, and whether Great Britain proposes to allow this most important coaling station to pass into the hands of the United States without protest."

Mr. Curzon said her majesty's government did not feel called upon to express an opinion relative to the circumstances out of which the present situation in Hawaii had arisen. The government was aware that a proposal to annex Hawaii to the United States had been submitted by the president of the United States for the consideration of the United States senate, but no deci-

sion had been reached. Mr. Curzon added that it would be the object of her majesty's government to see that whatever rights, according to international law, belong to Great Britain and to British subjects are fully maintained.

### GOVERNOR ATKINSON MARRIED.

Gave Mrs. Camden His Name Sooner Than Expected, Owing to Legal Trouble.

WHEELING, June 25.—Hon. George Wesley Atkinson, governor of West Virginia, was united in marriage at Clarksburg, the home of the bride, to Mrs. Myra H. Camden, widow of the late wealthy Judge G. D. Camden, last night. The ceremony took place in the presence of only a few immediate friends, and had not been previously announced for last night, the public understanding that it would occur today.

Mrs. Camden, the bride, inherited a large fortune from Judge Camden, who has been dead several years, the title to which estate has been contested by other heirs. The will which was protested was declared valid by the courts, but recently the matter has been revived by the charge that the widow signed certain papers illegally.

The wedding last night grew out of the governor's desire to give his fiancée a husband's protection in the new legal complications. The governor and his bride left for Washington and other eastern cities and will end their tour in Louisville, Ky., where he has an engagement to deliver an address.

### WERE ANARCHISTS TO BLAME?

A Story Not Confirmed Regarding the Great Holocaust in Paris.

WASHINGTON, June 25.—The officials of the French embassy here refuse to impart information concerning any connection that the anarchists may have had with the holocaust of the early part of May. Mr. Lefavre, the first secretary of the embassy, said that there had been no communication received from his government looking to the apprehension of the alleged leaders of the outrage, who it is said have fled to America. This, he thinks, would have been the case had it been believed such persons were engaged in the affair and had fled to this country. The Paris papers at first intimated it, but afterwards held that it was due to an accident.

CHICAGO, June 25.—The Post says: According to a story which has reached Chicago from Paris via Washington, the terrible holocaust which wiped out over 100 lives at the French capital May 4 was the work of anarchists thirsting for revenge on the upper classes of France.

A member of the French legation at Washington is said to be authority for the story.

### CAFFERY TO THE DEMOCRATS.

He Attacked Senators For Voting For Wool and Other Duties.

WASHINGTON, June 25.—A stubborn contest over the duties on manufactured woolen goods has occurred in the senate. It was a day of constant roll calls and of cross fire debate on the effect of the duties in advancing rates. Many amendments were proposed to reduce the rates, but these were rejected by decisive majorities. Less than five pages were disposed of during the day, carrying the senate through paragraph 370, the first of the paragraphs relating to carpets.

Mr. Caffery (La.) spoke at length against the protective system, and severely arraigned those Democratic senators who had voted for duties on wool and other raw materials.

### A DUTY ON HIDES.

Republican Senators in Caucus Decide to Sustain the Committee.

WASHINGTON, June 25.—The Republican senators have decided in caucus, by a vote of 22 to 11, to sustain the action of the finance committee in placing a duty upon hides, but did not pass upon the question of the amount of the duty to be imposed.

The committee was also sustained in the rate fixed upon imported wrapper tobacco. The only other disputed questions considered were watches and watch jewels, and upon these the finance committee was reversed, the house rates being accepted on watches and watch jewels being made free.

### WOODFORD LEAVES IN JULY.

He Is Acquiring a Knowledge of Our Relations With Spain.

WASHINGTON, June 25.—Stewart L. Woodford has had an interview with the president respecting his mission to Spain. Mr. Calhoun is still in Washington and probably will confer with Mr. Woodford.

### Ironworkers Likely to Strike.

## BOMBARGER ELECTED.

Chosen President by State Christian Endeavorers.

Kuhn, Dayton; superintendent of junior work, Mrs. G. Clifford Morgan, Cleveland; superintendent of Christian endeavor, Rev. A. F. Vincent, Toledo; superintendent of Sabbath observance, Rev. L. B. C. Lahr, Delaware; vice president of the World's union, Rev. W. F. McCauley, Toledo.

Twenty-eight vice presidents representing every denomination in the state that has Christian Endeavor societies were also chosen. The next convention will be held at Mansfield in 1898. Conference praise services and divisional rallies closed the convention.

### NASH MAY BE CHAIRMAN.

Hanna Says He Can Head Republican Executive Committee.

CLEVELAND, June 25.—"Will Judge George K. Nash be chairman of the Republican state executive committee?" Senator Hanna was asked.

"That is a question that has not yet been settled. It is simply a matter of Judge Nash's willingness to serve. He would be satisfactory to all elements and would be a splendid man to pilot the party to victory in November."

Speaking of the New York dispatch that President McKinley is considering a plan whereby the freedom of Cuba is to be purchased of Spain for \$100,000,000 the senator said: "That statement is not authoritative."

Mr. Hanna then spoke of the report that the failure to mention the name of Secretary of State Sherman at Toledo in the Republican platform is a veiled slight. "That story," said he, "is absurd. There is nothing in it. Mr. Sherman is held in the greatest veneration and respect by the Ohio Republicans as one of their honored leaders, and the statement that the state convention of Ohio could put a slight upon him is not only malicious, but is ridiculous."

Mr. Hanna will leave for Washington tomorrow or Sunday.

An important result of Mr. Hanna's victory in the Toledo convention will be the transfer of the state political headquarters from Columbus and Cincinnati to Cleveland. The headquarters will be in the Perry-Payne building, in which Hanna managed the presidential campaign.

### OLD LITIGATION RENEWED.

Another Suit in Connection With the Hocking Valley Case.

CLEVELAND, June 25.—The Hocking Coal and Railway company has filed a cross petition in the common pleas court, in which it asked for a judgment of \$8,308,000 against the Snow Fork and Cleveland Coal company. The petition was filed in answer to a suit by the coal company against the railway company for \$843,000, the purchase price of a large tract of coal land.

In the cross petition it is alleged that the coal company wrongfully took from the treasury of the railway company 8,430 shares of stock and first consolidated mortgage bonds of the per value of \$4,496,000. The stock was supposed to have been accepted in payment for the land, but the bonds were in excess of the coal company's claim. This is a part of the old Hocking Valley litigation. The attorneys for the railway company are Senator Foraker and two local firms.

### PROMINENT PEOPLE INVOLVED.

Sensational Letterwriting and an Arrest at Blairsville, Pa.

BLAIRSVILLE, Pa., June 25.—Mrs. Lillie D. Gibson was arrested here Wednesday on a charge of criminal libel. The prosecutrix is Miss Mary L. Johnston, who is acting for her sister-in-law, Mrs. Eva L. Johnston. The information was made before 'Squire Thompson, and charges that last December an anonymous letter addressed to the affiant was received by her through the mails, and it alleged that wife of the affiant's brother had been guilty of "too intimate and improper relations with Blairsville men, and had brought disgrace upon her family." The affidavit then sets forth that these charges had a tendency to expose the accused woman to ridicule, and avers the belief that the letter was written by Mrs. Gibson.

Mrs. Gibson is a prominent member of the Methodist church, and the letter-

writing episode has caused a great stir in the congregation.

### OVER 6,000 MASSACRED.

The Entire Expedition of Baron Dhanis Wiped Out in Africa.

BRUSSELS, June 25.—The Reforme says it learns from a good source that the entire Dhanis expedition to the headwaters of the Nile, including Baron Dhanis himself, has been massacred.

Baron Dhanis last year enlisted 6,000 men in the Congo free state to take part in a secret expedition. The British government allowed a number of its Hussar troops to join the expedition, but it was officially denied that an Anglo-Belgian movement had been concerted against the Mahdists. The general impression, however, was that this force was intended to act in conjunction with the Anglo-Egyptian expedition up the Nile and take the Mahdists between two fires, and eventually complete the reconquest of the Sudan.

### THE QUEEN RECEIVED.

Admirals and Staffs Call on Her at Windsor—The Princess of Wales Entertained London's Poor—A Reception to the Queen by Royalty.

WINDSOR, London, June 25.—The lords of the admiralty and all the admirals of the foreign ships who are taking part in the naval review off Spithead tomorrow, including Rear Admiral Miller, U. S. N., have been received by Queen Victoria at Windsor castle. Each of the admirals was accompanied by two aides-de-camp, those of the American admiral being Commander William H. Emory, chief of Admiral Miller's staff, Lieutenant J. C. Caldwell and Lieutenants Rogers and Andrews. The admirals were met at the railroad station by royal carriages and were taken to the castle through a shower of rain.

At the castle they were entertained at luncheon in the Waterloo room and were afterward received by the queen.

The queen received the admirals sitting and spoke very cordially to Admiral Miller, who then presented the members of his staff to her majesty.

The naval officers were afterward shown through the castle.

LONDON, June 25.—The princess of Wales' jubilee dinners to the poor were very successful. About 3,000 denizens of the slums were sumptuously entertained at the various centres.

The princess, accompanied by the prince of Wales, Princess Victoria of Denmark, visited the principal halls where the feasts were given.

LONDON, June 25.—On behalf of her majesty the Prince and Princess of Wales gave a reception last evening at Buckingham palace. The occasion was one of unprecedented brilliancy, the guests numbering over 1,600 and including all the special jubilee visitors and the admirals, captains and officers from Spithead.

The United States special envoy, Mr. Whitelaw Reid, Rear Admiral J. N. Miller, U. S. N., General Nelson A. Miles, U. S. A., and their staffs went to the ball in a body from Mr. Reid's house on Carlton house terrace.

### GOBBLED BY THE STANDARD.

The Bay State Gas Company Sold For \$2,250,000.

NEW YORK, June 25.—The Standard from Boston stating that the dispatch Oil company had gained control of the Bay State Gas company has been confirmed in this city. The meeting at which the change of interests took place was held at the office of J. E. Bartlett. There were present H. H. Rogers, for the Standard Oil company; J. Edward Addicks, James C. Carter, Frederick R. Coudert and several others. Messrs. Carter and Coudert are said to have represented the anti-Addicks interests in the gas company.

The consideration by which the Standard Oil company comes into possession of the Bay State Gas company is said to be the payment of \$2,250,000 to Mr. Addicks and the promise that all litigation between the different interests in the company shall end.

It is said that as a result of this deal Mr. Addicks will relinquish his various gas enterprises, and the Bay State Gas company will be reorganized on an entirely new basis and probably with an increased capital stock.

### Bryan Spoke From a Car.

LAMAR, Mo., June 25.—Hon. W. J. Bryan spoke here for ten minutes from the car platform to a crowd of 1,000 people while enroute to Carthage. He was cheered lustily. He spoke of the recent attack made on him by Professor L. C. Bateman of Auburn, Me., and said it was unworthy of notice, but stated his answer was made in the United States senate by Senators Allen and Butler.

### Suicided in Her Lover's Office.

SISTERSVILLE, W. Va., June 25.—Miss Ada Stewart, a prominent young lady, has committed suicide in the office of Colonel Bob Moore, a prominent attorney. Miss Stuart had been engaged to marry Colonel Moore. They quarreled.

## BOMBARDED WITH HAIL.

Mammoth Stones Smashed Things at Topeka.

### CYCLONE IN THE SAME STATE.

Three Killed and Four Injured Near Salina—A Storm Did Great Damage at St. Louis and In Towns in the Vicinity.

TOPEKA, June 25.—Topeka looks like a city that has withstood a siege of war guns. There are not a dozen buildings in the town that are not almost windowless and many roofs are caved in.

Hailstones weighing 12 to 16 ounces did the damage. Dogs were struck in the streets and instantly killed. Horses were knocked to their knees to rise again and dash away in mad fright. Runaways occurred throughout the city. When the fury of the storm had passed dead birds were found everywhere. A heavy wind and terrific lightning accompanied the storm.

The roofs of street cars were pierced. The hailstones ranged in size from that of a hen's egg to an ostrich egg, and 30 minutes after the storm one hailstone was picked up which measured 14 inches in circumference.

The following people were seriously hurt:

Frank Brainard, hackman, skull fractured.

J. D. Henderson, liveryman, skull fractured.

Roy White, leg broken in a runaway.

Mrs. Mary Hughes, arm broken in a runaway.

D. Klee, bad scalp wound.

Miss Anna Benton, head cut.

Fred Holler, head cut.

SALINA, Kas., June 25.—A terrific cyclone has passed 15 miles northwest of this city. Three are dead and a number dangerously injured.

The dead are:

Mrs. Anna Geesey, aged 34.

Nona Geesey, aged 13.

Ida Geesey, aged 9.

Four members of this family are also badly hurt.

ST. LOUIS, June 25.—The terrible wind and rain storm was very destructive in the southwestern portion of the city, where are located several of the city institutions. The poorhouse suffered most. One of the buildings in which were sheltered 75 inmates, all of them cripples, was partly demolished and glass was shattered in the others. When the roof was taken off the bricks fell in among the patients hitting a number, but none was seriously injured. The storm also struck the insane asylum. Not much damage was done there, but the patients were terror-stricken.

The storm was particularly severe on the river towns; Keokuk, Alton and Quincy suffering. Reports from Springfield, Decatur, Effingham and other Illinois towns say the rain was very heavy there.

### SPANIARDS' USUAL CLAIM.

They Report That They Have Administered Another Defeat to the Rebels.

HAVANA, June 25.—Colonel Aguilera, with a column of troops and acting in conjunction with the local guerrilla force and garrison of Madruga, has been engaged with a guerrilla force, under the leadership of Aranguren, which was entrenched in the Sierra de Grille, near Madruga, in this province.

The Spanish troops, the official report says, successfully dislodged the insurgents from all the positions occupied by the latter until the enemy reached Abro del Cafe, where the insurgents made a determined stand. Eventually the insurgents were also dislodged from that place and the Spanish troops destroyed the enemy's camp.

The insurgents left ten men killed on the field and the government forces lost 1 lieutenant and 15 soldiers killed and had one major, 1 captain and 13 soldiers wounded.

### MOB AFTER A CONSTABLE.

Brutal Murder and a Hanging Day in West Virginia.

FAYETTEVILLE, W. Va., June 25.—Today is the day Clark Lewis, the murderer, hangs, and the sheriff has received word of another murder and the people are enraged. Joe Bragg, a constable, deliberately shot Tom Miller, a drunken man he was attempting to arrest. A coroner's jury has decided that Bragg shall be held for murder.

At Thurmond, where Bragg was jailed, a mob formed to lynch him. The officials spirited Bragg away to lodge him in jail here, coming through the woods by a circuitous route. The mob is on its way here, and it is a question whether the mob or the prisoner will arrive here first. Sheriff McVey is summoning citizens to help him guard the jail.

### Maher and Sharkey Matched.

NEW YORK, June 25.—Articles for a fight to a finish between Peter Maher and Thomas Sharkey have been signed in Jersey City by representatives of the two heavyweights, before the club offering the best terms and for a side bet of \$5,000.

## A FOLLOWER OF TEED

Preaching His Doctrine and  
Healing the Sick.

PEOPLE HAVE BEEN TAKEN IN

It is the Old Game of Everything Not  
Orthodox, and, Strange to Say, Works  
Well With Some Who Have Ailments  
and Money.

A follower of the notorious Teed has  
taken up his abode in the city, and  
strange as it may seem, is preaching his  
doctrine, incidentally, where it can be  
heard and appreciated.

Everybody has heard of Teed, the  
chap who has been repeatedly charged  
with taking people from good homes in  
western Pennsylvania and colonizing  
them in Florida, while he lives on the  
fat of the land. This stranger is one of  
his followers, and firmly believes in the  
peculiar doctrines which that individual  
has been preaching. In addition to this  
he is a healer. Baths seem his specialty.  
He gives them from vapor to solar, elec-  
tric and thermal. Mental healing is  
another part of his long list.

Quietly and without ostentation he has  
been working his game, and in some  
quarters has been successful. How long  
it will last, or under what conditions it  
will end no one can tell, but there are  
those acquainted with the facts who be-  
lieve that it will wind up in a sensation  
such as East Liverpool has never before  
known. The matter is brewing, and it  
is only a question of time until it be-  
comes public property.

Hear the exquisite music to-  
night, in front of the Grand  
Hotel.

### WATCH THEM.

They Are Not True Subjects For Sweet  
Charity.

One of the number is a brunette, very  
dark, and wears a new suit of clothes.  
The other is a blonde, with a face  
marked with dissipation. He is of  
slender build, and wears a light suit.  
They work the racket of "a few pennies,  
please, as I am very hungry," and  
spend the same for "booze," "fire-  
water," "benzine." Spot these fellows.  
They are dead beats. One of the  
number entered an office yesterday in  
this city, told a pitiful story of injury to  
his foot, of being sent to the hospital  
from Sharpsburg, Pa., and his desire to  
make his way to Cleveland, where he  
had friends. He struck his meal at the  
hands of the business man, and after-  
ward sent his partner around to the  
same office, striking a more sensible  
party and being referred to the trustees.  
The two frauds and dead beats, later in  
the day, struck the soft hearted fellow,  
while upon the street, and "dissipated  
face" gave the job away, before his  
partner could stop him. They were  
called down and sneaked away. Spot  
them. Moral. Use good judgment in  
your charity. Help the poor, suffering  
and needy to the very best of your  
ability. Spot the dead beats, reeking  
with the fumes of liquor, stout and  
brawny bums, and let them earn their  
bread. Spot these two. You can tell  
them by our pen picture.

### NICE HATS.

For \$1.50, \$2.60 and \$3. Friday  
and Saturday, at Mrs. D. McDonald's.

### WANT AN ORDINANCE

Which Will Help In Keeping the Streets  
Clean.

The street force are today scraping  
Broadway, as the dirt had become so  
deep the sweeper would not touch it.  
There is some talk of passing an ordi-  
nance making it an offense for team-  
sters to overload wagons so that part of  
their loads will be sprinkled in the  
streets. Should the ordinance be passed  
it will have a good effect on keeping the  
streets clean.

### THE MASONIC PICNIC.

It Was Largely Attended and Most En-  
joyable.

The Masonic picnic at Rock Spring  
yesterday afternoon and evening was  
attended by no less than 300 persons,  
and was without question one of the  
most enjoyable ever conducted by the  
fraternity. Dancing was the principal  
amusement, the pavilion being crowded  
until 10 o'clock, when the merry party  
came home.

### Looking For Games.

The Phoenix club are looking for an-  
other baseball game. Their victory over  
the Young Men's Christian association  
has so filled them with the spirit of sport  
that they believe they can conquer the  
baseball force of any social organization  
in the city.

## SAYS SHE IS A WITCH

And Frightens Poor People  
Into Buying Her Medicine.

ALL KINDS OF TORTURE PROMISED

If They Do Not Put Up the Price—Officer  
Burgess Has Camped on Her Trail, and  
the Doctor May Be Arrested—Some of  
Her Methods.

Sanitary Policeman Burgess is on the  
trail of a Wellsville woman who has  
been posing in the city as a doctor.

The woman in question claims to have  
the powers of witchcraft, and plies her  
vocation among the poor people. She  
goes to a house and carries with her  
a bottle of medicine, which she  
sells for 50 cents. If the people do not  
want to buy her medicine she tells them  
she will call down upon them all sorts  
of calamities, and in every house where  
the people are the least superstitious she  
succeeds in selling her medicine. The  
officer has run across numerous  
cases where she has been success-  
ful in selling her medicine, but not  
until yesterday did he discover a case  
where it had been used. It was applied  
to a little girl who was suffering with  
sore throat, and her neck was one mass  
of blisters.

The woman will be called to halt in  
her work, and if she does not stop will  
be arrested and dealt with to the fullest  
extent of the law.

### ALMOST OVER

Is the Crockery Trade For the Sea-  
son.

China, Glass and Lamps in reviewing  
the crockery trade for the week says:

"The heavy spring trade done by  
American potters is about over, and  
matters have slowed up considerably of  
late. Not that there is not considerable  
movement in crockery, but the rush is  
over, and potters generally are preparing  
trade catchers for the fall trade. The  
warm reception accorded new goods  
during the present year has greatly en-  
couraged potters to renewed efforts, and  
some fine new shapes are now under  
way."

### UNDER A PILE OF SHINGLES.

Robert Hall, Jr., Had a Narrow Escape  
From Death.

Robert Hall, Jr., yesterday afternoon  
had a narrow escape. He was loading  
shingles on a wagon at the yards of the  
Union planing mill when a pile contain-  
ing several bundles toppled over, strik-  
ing him on the side and knocking him  
down. Aid was secured and he was ex-  
tricated, when it was found he was not  
hurt beyond having a few bruises. Par-  
ties who saw the accident expected to  
see him killed, and had the bundles  
struck him on the head he would have  
undoubtedly been fatally injured.

### THEIR TROUBLES.

Miscreants Continue to Annoy the Light  
Company.

The troubles of the electric light com-  
pany continue with great regularity.  
This morning when the trimmer went  
to look at the lamps he found the rope  
cut at the Sheridan avenue lamp. Had  
he not discovered it before he began  
lowering the lamp it would have fallen  
to the ground, and a new lamp would  
have been necessary. In Avondale  
street a globe was broken.

At almost your own price, a  
beautiful hat or bonnet. Great-  
est bargains ever offered in East  
Liverpool. Mrs. D. McDonald's  
great millinery clearance sale,

### MAY SETTLE TONIGHT.

Council Will Again Talk About Mr. Clark's  
Bill.

Council will meet in special session  
this evening for the purpose of discuss-  
ing the claim of Attorney A. H. Clark  
against the city. The matter has been  
discussed on numerous occasions, but it  
is thought a definite conclusion will be  
reached this evening, and the bill will  
be a thing of the past tomorrow.

### A Surprise or Two.

A leading Republican made the state-  
ment today that he would not at all be  
surprised if there were surprises at the  
Steubenville convention next week.  
"They will not all be for Columbiana  
county," he added significantly.

### At the Depot.

Although a small number of cars was  
handled at the freight depot yesterday,  
the business nevertheless was heavy.  
At the inbound sheds eight cars were  
unloaded, and but 12 cars were sent on  
the road.

### BOUND OVER TO COURT

Was the McDonald Man Who Had a Horse.

### TALKING OF A BIG SEWER

Some Councilmen Want Expensive Improvements at the Run—It Is Now Being Cleaned—All the Good News of Wellsville.

Bob Stewart, who was at one time employed here in the broom factory, has again met his deserts at McDonald, Pa., for the stealing of the horse which was captured in Wellsville about the first of May. Stewart rode the horse into this city, and, while going down Main street, it was recognized by Charles Snediker as belonging to E. D. Martin a McDonald liveryman. Stewart attempted to sell the animal to Doctor Tarr, and this gentleman grew suspicious also, and during the deal Stewart disappeared from town, leaving the animal and harness. Martin was immediately informed, and came after his horse. Stewart, whose home is at McDonald, did not remain long away, and one day not long ago he was captured, and Thursday appeared for a hearing. Dr. Tarr and Mr. Snediker were there as important witnesses, and in consequence Stewart was bound over to court in the sum of \$500 for horse stealing.

Stewart has a record. Four or five years ago he was arrested in Wellsville for the stealing of a horse at Beaver Falls, was convicted and served about two years at the Western penitentiary. After his release, he kept shady for awhile. Since the stealing of the Martin horse, it develops that he had in his possession an opera glass, a coat and vest and ladies' bracelets. Stewart, however, did not have a hearing on the charge of burglary.

#### The News of Wellsville.

M. R. Shingler has returned from Cleveland, where he succeeded in rounding up Isaac Miller the gold man. Miller was in the law's meshes, and in reply to Shingler's question why he had not paid or returned the gold, had nothing to say. Miller conducted his own establishment, and had been doing an excellent business. Mr. Shingler said he would not push the prosecution if Miller settled for the gold, and if not he will be brought to Wellsville today or tomorrow for trial.

Mrs. Middleton and daughter left yesterday for Bell Plain, Iowa, where they will make their future home.

Ellie Wells, Harry Hammond and Charles Brannon are the only Wellsville citizens who will go on the Christian Endeavor excursion to San Francisco.

William Lowe, a barber from Waterford, is visiting friends here.

Daniel Baker, a well-known oil pumper in the Turkeyfoot field, was in town yesterday. Mr. Baker is one of the heirs of the Dray family, who live in the vicinity of Beaver, and who have been lately apprised of a large fortune awaiting them in England. Mr. Baker has in his possession all the records of the antecedents of the Drays, and is obtaining other satisfactory evidence. The fortune reaches up in the millions.

Justice A. G. McKenzie was at Tiltonville yesterday, the guest of Rev. and Mrs. J. H. Hollingshead.

Frank Myers, of the Ohio Valley Fire Clay Co., was in town yesterday, and left later for Malvern, where he is interested in the Malvern sewer pipe and brick works.

The alley referred to in last night's paper is between Main and Front streets and extends from Ninth to Eleventh.

Commissioner Herbert has commenced the task of cleaning the run. It is in a filthy condition. It is said that some councilmen are seriously considering the advisability of sewerage the run. A five foot brick sewer would be required.

A train jumper, who gave his address as Salineville, was in the bastille last night.

The Liberty party will hold a picnic in a grove in this vicinity July 5.

The fire walls at the water works pump house have been relined.

Attorneys report legal matters unusually quiet.

At the next meeting of council the railroad company will ask the right of way for the switch to be built along the run. Details of the project were given in the NEWS REVIEW some time ago. All members of council are believed to favor it.

EAST LIVERPOOL, O., FRIDAY JUNE 25.

\* THE Toledo convention seems to have been an ideal Republican gathering.

In spite of the vast quantity of silver sentiment at the Salem convention the resolutions lacked the old time ring.

OHIO Republicans should be proud of their ticket. It represents the party, and like the platform is built of the right stuff.

THE expressed determination of the senate to return to the house rates of the tariff bill is among the most sensible acts of that body in a great many years.

MR. BRYAN is a peculiar fellow. He said the other day that an attack made upon him by a Missouri college professor was unworthy of notice, and then proceeded to reply to it at length.

It would have been a magnificent advertisement for the potting industry if the Spanish gentlemen now in Pittsburg had been invited to East Liverpool. They use crockery in South America.

WHEN they learn in Japan that Uncle Sam has a new foreign policy, something somewhat more vigorous than that of the late administration, we will not hear so much of protest against the tariff law and the annexation of Hawaii.

CANTON has a number of socialists, and like some other things they have in Canton these socialists seem to have more sense than their brethren of the outside world. They have officially declared that Debbs is visionary.

It is gratifying to know that Old Glory vies with the Union Jack for first place in the magnificent decorations in London. It shows that the sentiment for arbitration is by no means confined to this side of the Atlantic, and acts as a rebuke to those Canadians who would not tolerate the stars and stripes.

### THE LAST OUTBURST.

The county Democracy is having troubles of its own. Mr. Potts has been depending on the Populist vote and a large defection from the Republican party to carry the county. Mr. Potts will be disappointed. The Populists are up in arms because they had nothing to say in the transactions of the Salem convention, and the Republicans, if there had been any who expected to vote the Democratic ticket, will not swallow the endorsement of the Chicago platform. In their eagerness to embrace silver they threw away any possibility of a chance to win in November. There are better politicians on earth than some of the Democratic leaders of this county.

### FULFILLING PROMISES.

When the Republican platform was built a year ago the party promised to enact a protective tariff law, bring about international bimetalism if possible, reform the currency system, annex Hawaii and do what it could to aid Cuba. Major McKinley has been president 16 weeks, and even though the time is short much has been done toward carrying out every one of these promises. The tariff law is almost a reality, commissioners are in Europe endeavoring to bring about an international conference, plans have been made whereby congress will be asked to reform the currency system, the annexation treaty with Hawaii has been signed, and Americans in Cuba have been aided. Where is there room for the claim that Republicans do not do as they promise?

## TALKED TO THE MAYOR

And It Cost Some of Them a Little Money.

### A STRANGER FROM THE EAST PAID

The Price Family Thought They Should Be Defended by an Illustrious Lawyer. A Woman Don't Like the Jail, and Will Report to Council.

When Mayor Gilbert arrived at his office this morning he found four men and one woman awaiting him. When the cases were called the first to make himself known was Edwin Smith, of Baltimore. When arrested by Officer Moore last night, \$9.33, a bunch of keys and two bottles of whisky were found on his person. "I am glad to see you, Mr. Mayor, but as I want to shake the town, I would ask you to let me go."

"Let's see, \$6.60 from \$9.33 leaves \$2.73, and the keys and whisky are all you will get," replied the mayor.

The next up for sentence was Harry Price. He was arrested by Officer Jennings yesterday, together with Mr. and Mrs. Albert Price, charged with drinking booze on the hillside, near the California road. "I suppose you are innocent," said the mayor.

### THE COOK STREET PAVING.

It Is Not Probable the Work Will Be Started For a Long Time.

President Peach and Councilman Stewart spent yesterday afternoon looking over the ground at Cook street, to see if they could devise some way of improving the street so that all the residents would be satisfied. In their opinion it would not be fair to those who have signed waivers to have to pay their assessments, and also stand the damages asked by other people. The street car company are hauling curbing in order that they can fix the much discussed crossings, and it is probable the subject will be discussed at the meeting tonight, but it now looks very much as though it will be sometime before the street is paved.

The meeting was called to order early in the evening, and it was after 11 o'clock when the members walked from the church. Doctor McMillan, of Richmond, was moderator of the meeting, and Mr. Swan was present. When questioned this morning he said he had not a word for publication. ### NEW STREET RAILWAY.

The Latest Is to Connect Lisbon and Liverpool.

There is a project on foot which if it ever comes to anything more than the securing of the right-of-way, means the connection of Liverpool and Lisbon by an electric line.

The matter became known today when J. F. Henry, a well-known farmer of near Williamsport, came to the city. The gentleman stated that last Wednesday two men drove to his place, and stated that they were buying right of way for an electric line between Lisbon and Smith's Ferry. The project, they said, was backed by Youngstown men with money, who had decided to build the road provided the right of way along the Beaver and Sandy canal could be secured. The road will in that event be built to Smith's Ferry, and a connection made with the Liverpool line. The men said they wanted the right of way for six months. They paid Mr. Henry \$1 to bind the bargain, and then drove to the next farm. They said they had met with success.

The effort was made this afternoon to find several other farmers who had been approached by the men, but they could not be found although several persons from that vicinity were in the city.

## TALKED TO THE MAYOR

And It Cost Some of Them a Little Money.

### A STRANGER FROM THE EAST PAID

The Price Family Thought They Should Be Defended by an Illustrious Lawyer. A Woman Don't Like the Jail, and Will Report to Council.

When Mayor Gilbert arrived at his office this morning he found four men and one woman awaiting him. When the cases were called the first to make himself known was Edwin Smith, of Baltimore. When arrested by Officer Moore last night, \$9.33, a bunch of keys and two bottles of whisky were found on his person. "I am glad to see you, Mr. Mayor, but as I want to shake the town, I would ask you to let me go."

"Let's see, \$6.60 from \$9.33 leaves \$2.73, and the keys and whisky are all you will get," replied the mayor.

The next up for sentence was Harry Price. He was arrested by Officer Jennings yesterday, together with Mr. and Mrs. Albert Price, charged with drinking booze on the hillside, near the California road. "I suppose you are innocent," said the mayor.

"Indeed I am," answered Price, and he was turned loose.

Lewis Call was next, but as his bank account was overdrawn he is still lingering.

Mr. and Mrs. Price had nothing to say save they had sent for a noted lawyer to defend them. They are still in jail. Mr. Price also said he would report the matter to council at the next meeting. ## IT ALL ENDED IN A ROW

The Democrats Could Not Quite Agree.

### POPS WANTED REPRESENTATION

But the Faithful Could Not See It In That Way—The Men Who Will Go to Columbus—Liverpool Did Not Make Much Noise.

SALEM, June 25.—[Special]—The Democratic convention came to an end yesterday afternoon, and the predictions of the prophets were realized. It ended in disagreement.

The Populists got no representation, and representation was one of the things they wanted most. The selection of delegates to the state convention had been left in the hands of a committee, and when Chairman Bill Spence reported the clouds gathered. The report was as follows:

Delegates—Butler, F. H. Scattergood; Fairfield, F. D. Miller; Liverpool, Hon. G. P. Ikert, W. S. Cook; Perry, D. D. Kirby, Dr. A. W. Schuller; Salem, W. E. Warren; Unity, Dr. P. C. Hartford; Washington, J. J. Reid; West, J. R. Witherspoon; Wellsville, J. A. Bartlett, T. J. Forner; Knox, John Sturgeon.

Alternates—Butler, Frank Ingram; Franklin, M. V. Decker, B. Renkenberger; Liverpool, Frank H. Ikert, John W. Hall; Perry, A. W. Taylor, Benjamin Baird; Salem, T. S. Arnold; Washington, J. S. Weaver; West, Edward D. Ford; Center, W. S. Potts, W. H. Spence; Franklin, Oscar Brain.

Charley Bonsall, the Salem Populist who shouted himself hoarse for Bryan last fall, demanded recognition for his party, but he didn't get it. Attorney Jeff Forner thought the best way to avoid a quarrel was to quit before it began, and moved an adjournment. It was not put, and a number of delegates attempted to talk. They were not recognized, and confusion reigned. At length the convention adjourned, with the Pops still a minus quantity.

### MANY PLANTS TO SHUT DOWN

Window and Flint Employers Will Resist the Workmen's Demands.

CHICAGO, June 25.—All the manufacturers of window and flint glass, together with 95 per cent of the green glass establishments in the country, will shut down at midnight next Wednesday, and it is not unlikely they may remain closed for the largest period in the history of the industry.

The window glass blowers and gatherers have called a mass meeting to be held in Cleveland on July 6. They will then formulate their demands, which will be for wage advances of not less than 15 per cent, and many manufacturers believe they will reach 25 per cent.

Jobbers in this city, which is one of the largest distributing points for glass, say manufacturers with whom they communicate are to a man determined not to grant any large advance in wages and that the result will be a suspension of the industry until snow flies.

### VARSITY RACES TODAY.

Harvard, Yale and Cornell Row Their Event Late This Afternoon.

POUGHKEEPSIE, N. Y., June 25.—Today is the big 'varsity' boatrace and the town has taken on a gala appearance and the place is crowded to overflowing.

The plan is to call the race at 3:30 o'clock this afternoon and have it rowed down stream over the four-mile course. If the weather is bad or the water in poor condition the race, because of the change of the tide, will have to be rowed after 6:45 p. m. up stream, necessitating an entire change of stake and judges boats and the anchorage of the fleet of yachts.

It is called to mind that this is the first time since 1875 that Yale has met Cornell and the first time in two years that she has crossed blades with Harvard.

### Big Plants Combined.

PHILADELPHIA, June 25.—President William L. Elkins, Jr., of the Pennsylvania Iron works of this city, has confirmed the report of the consolidation of that company and Yerkes' Siemens-Halske Electric company of Chicago, with a view of getting a tighter grip on the business of equipping electric street railways. Combined capital, \$5,000,000.

Very Many Sad Sights Will Greet the Visitor.

THE HOME IS IN GOOD HANDS

The County Home of Columbiana Demands Commendation—Occupants Are Treated Humanely—The Departments Are Models of Neatness and Cleanliness. Some Sad Features.

The writer had the exquisite pleasure of a drive across country to Lisbon lately. It was a beautiful day, cool clear and bracing, with the roads in magnificent condition, the late rains being just sufficient to down the dust. The landscape view is simply superb, and residents of Columbiana county may well be proud of the same. Fine flocks of sheep are occasionally seen on the hill-sides, reminders of the days when, under Republican rule and administration, the raising of sheep in this section was a profitable feature for our farmers. Speed the day when this prosperity may visit our farmers once more; when wool will command remunerative prices, and when vast flocks will once again sport and play upon our hillsides.

Reaching Lisbon about noon, a stop was made at the Hostetter House, where mine host gave the quartette of East Liverpool visitors a hearty welcome, and set them down to a royally good dinner, good enough for any one in all this great land. Billy Hyde will appreciate this commendation, as it is an honest verdict, and not the result of dead head newspaper tickets, as the quartette settled their bill with honest coin of the realm, as all TRUE journalists delight in doing, and thus maintaining manly independence.

After the team of good roadsters had been well fed, well groomed and well rested, it was proposed that a drive should be made out to the infirmary, which proposition met with hearty approval, and the party was soon enroute, "over the hills to the poorhouse," which was ere long reached and a hearty reception accorded the visitors by Superintendent Riddle and his estimable wife.

Reader, have you ever visited the Columbiana county poorhouse, under its present management? No. Well, if you are interested in the poor and destitute of your county, you should do so at the very first good opportunity. You will first visit the department devoted to the imbecile and insane, where your heart will be saddened by the deplorable condition of some of the inmates, and again gladdened by the good treatment accorded the poor unfortunates. There is one case of an aged imbecile woman which is exceptionally sad. She is helpless and must receive the same care and attention as an infant; perfectly harmless, with an occasional grasp of intelligence looming up in her shattered mind; answering joyously and laughingly to any kindly greeting; but, oh such a laugh. She has numerous relatives and several children in this county, but they hardly ever visit her; one of her sons, a resident of East Liverpool, never visits her; and yet, poor, deserted old lady, she will brighten up when this son's name is mentioned, and respond: "Yes, yes, that's my son; and do you know my boy?" God have pity on such a son.

All through this department, neatness and cleanliness prevails, despite the difficult surroundings, under the splendid management of Mrs. Riddle, who has wonderful control over her charges. By the way, our county commissioners will be doing a good deed if they supply Mrs. Riddle with a movable bathtub for the upstairs patients. It will aid her wonderfully in her care for those who so much need baths.

Do you want to thank God for the use of your limbs and for a reasonable degree of health and of strength? If you do, and thank Him from the bottom of your heart, then step over into another department and see and converse with Garrettson Ward, 69 years of age, and twisted almost out of human shape by rheumatism, able to be moved only by the use of pulleys attached to his couch, with hands and limbs distorted and bent in an awful condition; eager to talk with you and have your sympathy and kindly words, and very, very eager to hear of the mercy and goodness of his mother's God, whom he longs to know aright, and eager to hear and learn of Jesus, who died that just such poor sinners as himself might have everlasting life, free from pain and sorrow and suffering and anguish. Ask Superintendent Riddle how the poor fellow's face brightened as he listened to the grandly glorious words: "For God so loved the world that he gave his only begotten Son that WHOSOEVER believeth

on Him shall not perish, but have EVER-LASTING LIFE."

The flat has gone forth that sewerage must no longer be dumped in the creek adjoining the infirmary, and ways and means must be devised to get rid of it. This is a good feature, conducive to the health of residents along the creek, and is a step in the right direction.

True economy suggests that the county commissioners should expend some money in very much needed painting, or in supplying the material, at least, and we imagine that the superintendent would then devise ways and means to have the painting done.

The fine farming land connected with the poor house is well taken care of, as is evidenced by the crops produced. The inmates receive good, healthy food, and plenty of it. Their treatment is all that can be desired. Each room is carefully kept and scrupulously clean; rag carpet on the floor, with nice beds and bedding and comfortable chairs.

"Over the hills to the poor house" is indeed a sad refrain, and God pity and care for those who are compelled to become inmates of such an institution; but, if the dread alternative comes in one's life, grant that you may fall into just such kindly hands as those of Superintendent Riddle and his wife.
